

THE PERFORMANCE LEADER IN
MICROWAVE CONNECTORS

CornerConnect

Right Angle Solutions

Next Generation 2.92 mm Solderless Right Angle to 40 GHz

Compact Routing
Maximize space savings

40GHz Measured Data
Not just simulation

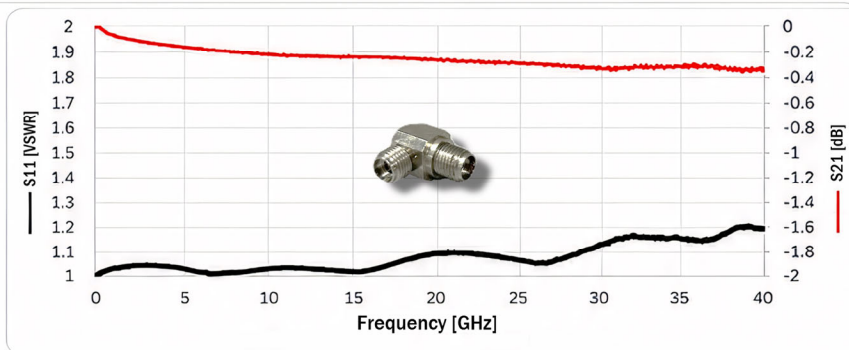

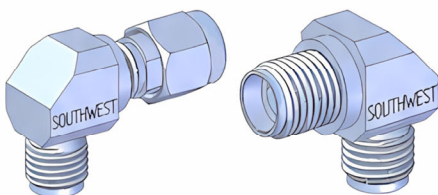

Multiple Form Factors
Adapters, cable connectors
and PCB launch

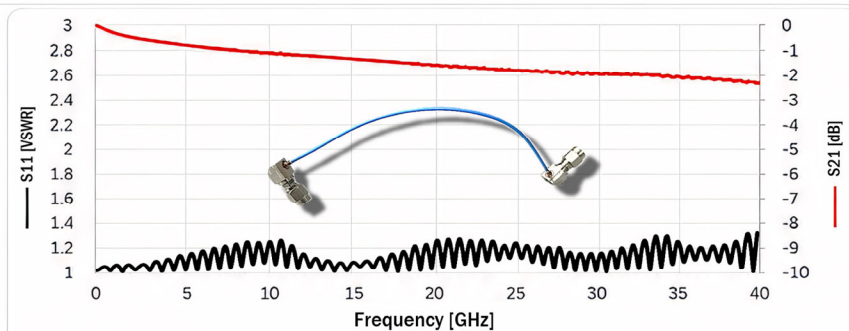

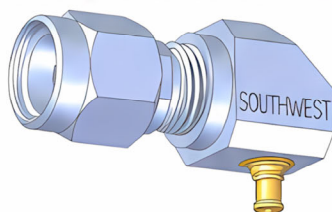

Custom Concepts
Configurable to
your application, just ask!

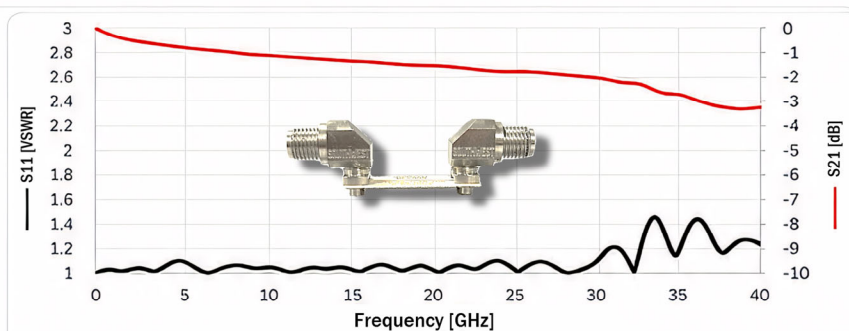

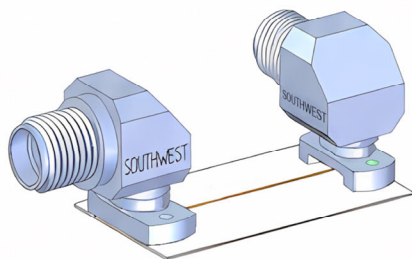

Adapters

Cable Connectors

Corner Launch

90°

ZERO COMPROMISE
ROUTE SMARTER

APPLICATION GUIDE

Choose the right solution
for your design

ADAPTERS

In-series adapters,
industry leading
return loss

Use for:
Instruments, test setups,
device protection

CABLE CONNECTORS

Direct solder for
cable and harness
applications

Use for:
Cable routing in dense
modules and enclosures

CORNER LAUNCH

Enables right angle
vertical launch from
ANY board location

Use for:
RF boards, phased arrays,
compact PCBs
