

 <p><b>Azure Summit Technology</b> <a href="http://azuresummit.com">azuresummit.com</a></p>	<p><b><u>Azure Summit Technology</u></b> Fairfax, VA • Phone (571) 308-1400 • <a href="mailto:info@azuresummit.com">info@azuresummit.com</a></p> <p>Azure's Switchblade family of Intelligent Transceivers comprises a flexible suite of Processor Cards (including 6U VPX, 3U VPX, small brick and other form factors), and interchangeable tuner modules that provide RF, digital, and high-performance embedded computing (HPEC) capabilities for RF applications, such as SIGINT, radar, and communications, fully integrated into a single low-cost SWAP card.</p>
 <p><b>AXILLON AEROSPACE</b> STRENGTH THROUGH INNOVATION <a href="http://Axillonaerospace.com">Axillonaerospace.com</a></p>	<p><b><u>Axillon Aerospace (Baltimore)</u></b> Rockmart, GA • Phone (678) 757-3153 • <a href="mailto:info@axillonaerospace.com">info@axillonaerospace.com</a></p> <p>Axillon Aerospace has the unique ability to move from material selection into full production with streamlined processes and unique design, manufacturing, and material science IP. Axillon can work as a Development Partner all the way through to Volume Production Supplier, providing everything from Idea Generation to Feasibility Evaluation to full Development.</p>
 <p><b>ESTERLINE R&amp;D</b> Esterline Research and Design <a href="http://esterlineresearch.com">esterlineresearch.com</a></p>	<p><b><u>Esterline Research and Design, LLC</u></b> Mechanicsburg, PA • Phone (717) 348-5326</p> <p>Esterline Research and Design is at the forefront of RF system production testing. We offer both a wide array of testing services, as well as advanced RF test gear to streamline your production challenges and improve throughput. We provide a full line of frequency control products, specializing in high-precision oscillators tailored for rugged environments. Our expertise extends to our intellectual property, which includes a revolutionary software compensation algorithm, M-SAC, which dramatically enhances oscillator performance and is available for licensed usage in customer designs.</p>
 <p><b>filtronic</b> <a href="http://filtronic.com">filtronic.com</a></p>	<p><b><u>Filtronic</u></b> United Kingdom • Phone (410) 202-8811</p> <p>Filtronic designs and manufactures mmWave sub-systems for aerospace, defense, space, and telecoms. They specialize in transceivers, filters, SSPAs, MMICs, and SIPs.</p>
 <p><b>gotMIC</b> <a href="http://gotmic.se">gotmic.se</a></p>	<p><b><u>gotMIC</u></b> Sweden • Phone +46 (0) 31 184 030</p> <p>High frequency/high performance MMW MMICs from 55-120 GHz. Offering a wide range of MMIC solutions including Transceivers, Transmitters, Receivers, LNAs, PAs, Mixers and Switches for both the E and V Communication Bands. Offering both COTS and Custom MMIC products that can be delivered as die or packaged surface mount solutions.</p>
 <p><b>HASCO COMPONENTS</b> <a href="http://hasco-inc.com">hasco-inc.com</a></p>	<p><b><u>HASCO Components</u></b> Moorpark, CA • Phone (805) 529-5085</p> <p>Distributor - SMA, 3.5mm 2.92mm, 2.40mm &amp; 1.85mm Coaxial Connectors &amp; Adapters, Waveguide Components, Cable Assemblies, Attenuators, Terminations, DC Blocks, Directional Couplers, Power Divider / Splitters, Standard &amp; Custom Glass-to-Metal Hermetic Feed-thrus.</p>

[microtech-inc.com](http://microtech-inc.com)

**Microtech, Inc.**

Cheshire, CT • Phone (203) 272-3234 / Fax (203) 271-0352

Custom and Standard Flexible and Rigid Waveguide components and assemblies to 110 GHz. Rotary Joints, Pressure Windows, Double-ridged Waveguide, Waveguide Terminations and Standard Gain Horns.

Microwave Components, Inc.

[mcicoils.com](http://mcicoils.com)

**Microwave Components, Inc.**

Dracut, MA • Phone (978) 453-6016

Microwave Components, Inc. (MCI) in Dracut, MA is a small, veteran owned manufacturer of miniature air coils. MCI has proudly been delivering custom, high Q, miniature air inductors to the Aerospace, Defense, and Space markets since 1978. Materials include: bare and insulated gold, copper, silver, gold plated copper, nickel copper alloy, and aluminum wire. Inductances from 1 to 1000+ nH

[monzite.com](http://monzite.com)

**Monzite Corporation**

Nashua, NH • Phone (603) 689-1414

Custom Analog Circuits, PIN Diode GaN Switch Drivers, DC-DC Converters, V generators, Voltage Multipliers, Laser Diode Driver, Contract Manufacturing and Test, Hybrid Hermetic Microcircuits, RF/Microwave/Millimeterwave Components Manufacturing, Wire bonding SMO Chip Scale Assembly, RF/Microwave Test.

[pixustechnologies.com](http://pixustechnologies.com)

**Pixus Technologies**

Waterloo, Ontario • Phone (519) 885-5775 / Fax (226) 444-0225

A leading provider of OpenVPX chassis platforms, backplanes, and system accessories. COTS modular open standard enclosure solutions in MIL rugged and industrial formats. Specializes in advanced cooling, high-speed backplane design including VITA 66, VITA 67, and SOSA options.

[rfoptic.com](http://rfoptic.com)

**RFOptic, Inc.**

Parlin, NJ • Phone (708) 736-7842

RFOptic designs, develops, integrates, manufactures, markets, and sells its RF over Fiber (RFoF) commercial off-the-shelf products for civil 5G and defense applications. RFOptic provides innovated Electro-Optics / RF modules & subsystems designed and tailored to each customer.

[southwestmicrowave.com](http://southwestmicrowave.com)

**Southwest Microwave, Inc.**

Tempe, AZ • Phone (800) 587-5995 / Fax (480) 783-0360

Super SMA & High Temp SMA, SSMA, 2.92mm, 2.40mm, 1.85mm, TNC & BMA Connectors & Adapters to 65 GHz, Connector Savers in SMA, 2.92mm & 2.40mm.

[ssicable.com](http://ssicable.com)

**SSI Cable Corp**

Shelton, WA • Phone (360) 426-5719 / Fax (360) 426-5912

Flexible & Semi-rigid low loss & phase stable Cables. Specializing in Stainless Steel Jacketed Semi-Rigid and phase stable cable.

**SYMPHONY**

Microwave Technologies

[symphony-microwave.com](http://symphony-microwave.com)

**Symphony Microwave Technologies**

Nashua, NH • Phone (603) 417-3940

Symphony Microwave Technologies, LLC designs & manufactures passive components with an emphasis on high-power applications. Our products include circulators, isolators, loads, windows and directional couplers in waveguide and coaxial modes of operation.

[telonicberkeley.com](http://telonicberkeley.com)

**Telonic Berkeley, Inc.**

Vista, CA • Phone (760) 744-8350 / Fax (760) 744-8360 • [info@telonicberkeley.com](mailto:info@telonicberkeley.com)

Telonic Berkeley or TB, has developed a diversified technology base to meet the stringent quality and performance demands of our RF & Microwave Products & Smoke Metering equipment customers. In addition, Telonic Berkeley is a manufacturer of both standard and custom Frequency (RF) and Microwave components. These products are used in Radar, Electronic Warfare Systems, Telecommunications, Satellites and other applications.

[rf.uec-corp.com](http://rf.uec-corp.com)

**UEC RF-Microwave**

Sacramento, CA • Phone (916) 453-3382 / Fax (916)-453-3384 • [uec\\_rf-microwave@uec-corp.com](mailto:uec_rf-microwave@uec-corp.com)

UEC RF-Microwave is a provider of custom Integrated Microwave Assemblies (IMAs) and RF amplifier equipment for the commercial, military, and space flight industry sectors. UEC RF-Microwave supplies a broad range of amplifier and frequency converter solutions for LEO, GEO, and HEO space systems; aerospace, crewed and unmanned aerial vehicles (UAV); shipboard applications, radar, and missile systems; and terrestrial and airborne satellite communications (SATCOM) and antenna systems (VSAT). UEC RF-Microwave is recognized for its expertise, quality, and systems capabilities, providing complete engineering to support design and manufacturing for complex RF and mechanical requirements.

[werbelmicrowave.com](http://werbelmicrowave.com)

**Werbel Microwave**

Whippany, NJ • Phone (973) 515-3001 / Fax (973) 515-3004

Werbel Microwave has designed and produced high performance radio frequency components for defense, commercial, test and measurement applications. Werbel Microwave offers COTS and custom designed microwave components.
